Lets discuss, I'm not suggesting to add them to the list but I'm wondering if every now and then we can forward it after clearing it for NORTHCOMM, they indicated it would not leave NORTHCOMM HQ. I think we should act like good partners....

You can't add them to the list, it is internal only. It may be better to send them to the EPA webpage.

Dana S. Tulis

Deputy Office Director

Office of Emergency Management

US EPA

Hi Erica - NORTHCOM is looking for first hand info regarding the Gold King incident.

Could you please have them added to EOC or Spot Report emails which ever is most appropriate.

Might info Dana and Reggie that an inquiry was received from DOD. Note DOD may have heavy equipment assets available.

Plz cc me on comms w/ NORTHCOM as I will have to report put to them during the Liaison mtg this fall.

Hope all is well. Maine is great!

Mike Nalipinski

Mr. Nalipinski,

We are monitoring reporting on the Gold King Mine release to provide the command with situational awareness of the matter. All of the information we are accessing is second-hand (DOI, FEMA) - do you have any information that you can share with us directly? This information is for command situational awareness only and will not be released out of the USNORTHCOM headquarters.

Thank you.

Respectfully,  
JENNIFER L. BEYRLE
